

THE FIRST SESSION
OF THE LAWMAKERSFIFTY-FOURTH CONGRESS FOR-
MALLY OPENED.

Speaker Reed and the Rest of the Nominees of the Republican Caucus Chosen as Officers of the House—The Message From the President to Comes Today.

Washington, Dec. 3.—Congress is again in session. At noon yesterday the senate and house were called to order in their respective chambers amid the usual scenes of animation and excitement. The greatest interest, of course, centered in the house, where so many old and familiar members are replaced by new men, and in the organization of the popular branch. Mr. Reed was elected speaker. He received 234 votes of the total of 336. Mr. Crisp had 95 votes, Bell 6 and Culberson 1. The other republican nominees were elected as follows:

Clerk—Alexander McDowell, of Pennsylvania.
Sergeant-at-arms—Benjamin F. Russell, of Missouri.
Doorkeeper—William J. Glenn, of New York.
Postmaster—Joseph C. McElroy, of Ohio.
Chaplain—Rev. H. N. Conden, of Michigan.

By 10 o'clock the marble corridors of the house were thronged with sight-seers and place-hunters, and before 11 o'clock the galleries, public and private, were packed to the doors. From the galleries the visitors looked down upon an animated and confused scene on the floor. New members, old members, ex-members and place-seekers chatted in groups and filled the hall with a roar of voices. On the speaker's desk were great bunches of American beauty roses tied with streamers of red, white and blue, and other floral pieces. Flowers were conspicuous on the desks of various members.

At 11:45 the house was cleared, and those who had not the privilege of the floor reluctantly retired and sought at the thronged doors of the galleries an opportunity to get a glimpse of the proceedings below. Under the direction of Clerk Kerr the roll of members elect to the fifty-fourth house was called. He announced that 341 of the 356 members of the house were present, and also that no credentials had been received from the tenth New York and the first Nevada districts. Mr. Kerr then called for nominations for speaker. No nominating speeches were made. Mr. Grosvenor (rep.), of Ohio, chairman of the republican caucus, placed in nomination Thomas B. Reed, of Maine; Mr. Sayers (dem.), of Texas, the name of Charles F. Crisp, of Georgia, and Mr. Kem (pop.), of Nebraska, John C. Bell, of Colorado.

The names of both Mr. Reed and Mr. Crisp were vigorously applauded by their respective party associates. All the Republicans voted for Mr. Reed, with one exception, the Democrats for Mr. Crisp and the Populists for Mr. Bell. Mr. Crain (dem.) of Texas voted for his colleague, Mr. Culberson, of Texas. The result of the vote was: Reed, 234; Crisp, 95; Bell, 6; Culberson, 1.

Mr. Kerr's announcement of Mr. Reed's election was greeted with a thunder of applause. Messrs. Crisp, Grosvenor and Bell were appointed a committee to conduct the speaker to the chair, and soon appeared at the main entrance, Mr. Reed leaning on the arm of Ex-Senator Crisp and Messrs. Grosvenor and Bell arm in arm. As they moved down the center aisle the house rose en masse. A roar of applause followed, the galleries joining with great enthusiasm in the demonstration.

As Mr. Reed ascended the rostrum the roar swelled until it was deafening. Mr. Harmer (rep.), of Pennsylvania, the oldest member in continuous service present, came forward and administered the oath of office to the speaker. The latter then turned to the house. Looking into the sea of upturned faces, he delivered his inaugural. Slowly and distinctly the words fell from his lips. At many places his very brief speech was punctuated with applause. At the conclusion of his speech the members came forward in squads as their names were called and with uplifted arms swore to support and defend the constitution.

The customary resolutions were adopted notifying the president and the senate of the election of Mr. Reed and Mr. McDowell as speaker and clerk respectively, and on motion of Mr. Payne (rep.) of New York, a committee consisting of Messrs. Payne, Cannon (rep.) of Illinois, and Crisp (dem.) of Georgia, was appointed by the speaker to join a similar committee from the senate to notify the president that the house had organized and was ready to receive any communication he had to make. The drawing for seats then took place. As soon as the drawing was completed the house, on motion of Mr. Payne of New York, adjourned until today.

PUBLIC DEBT STATEMENT.

Increase for the Month of November of \$2,046,503.

Washington, Dec. 3.—The monthly treasury statement of the public debt shows that on Nov. 30, 1895, the debt, less cash in the treasury, amounted to \$948,477,611, an increase for the month of \$2,046,503, which is accounted for by the decrease of \$2,541,611 in the cash

in the treasury. The debt is recapitulated as follows: Interest-bearing debt, \$717,361,960; debt on which interest has ceased since maturity, \$1,675,180; debt bearing no interest, \$375,845,857; total debt, \$1,125,883,997.

This amount, however, does not include \$582,987,673 in certificates and treasury notes which are offset by an equal amount of cash in the treasury. The cash in the treasury is classified as follows: Gold, \$129,567,945; silver, \$502,164,742; paper, \$153,862,744; bonds, disbursing officers' balances, etc., \$15,525,201; total \$801,120,692. Against this there are outstanding cash demand liabilities amounting to \$623,714,305, leaving a cash balance of \$177,406,386.

MAY LEAD TO APPRAISALS.

Canadian Government Has Stirred Up a Hornet's Nest.

Washington, Dec. 3.—It is apprehended here that the withdrawal by the Canadian authorities of the right exercised by American fishermen for seven years past of buying bait and supplies in Canadian waters may lead to reprisals at the hands of congress, for it has been contended all along that the privilege enjoyed by Canadian railroads of carrying goods in bonds through the United States was more than a sufficient offset to the favors extended to American fishermen by Canada.

The action of the Canadian government just taken has not yet been officially reported to the state department, but it is regarded here as an indication of Canada's purpose to emphasize the necessity for renewal of negotiations looking to a new fisheries treaty.

Silver Conference a Disappointment.

Washington, Dec. 3.—The silver conference called for yesterday was a disappointment to its projectors. The only senators who attended were Allen, Kyle, Peffer and Stewart, populists; Tillman, democrat, and Frichard, Mantle and Teller, republicans. The last named gentlemen were only there a few moments and took no part in the proceedings. The small attendance showed those present that nothing could be done at this meeting. Senator Peffer was of the opinion that party ties were too strong to hope to organize a silver party in the senate, while Senator Allen said he hoped something might come from this preliminary meeting.

Republican Senators Caucus.

Washington, Dec. 3.—The republican senators were in caucus for half an hour after the senate adjourned yesterday, but adjourned until Wednesday without taking any action on the reorganization of the senate. The prevailing sentiment favored republican organization, and some strong speeches were made, notably by Mr. Davis of Minnesota and Aldrich of Rhode Island, urging there should be no combination or compromise with any element outside the republican ranks. This appeared to voice the general view of senators, and no opposition speeches were made.

Senate Has a Dull Session.

Washington, Dec. 3.—Nothing happened in the senate yesterday that had not been expected. The body was called to order by Vice President Stevenson. The new senators and those who have been re-elected were sworn in. A committee was appointed to notify the president and the usual resolutions incident to the beginning of a session were introduced. The senate took a recess of an hour at 12:28 p. m. and at 1:30 adjourned after an absolutely uneventful session.

House Rules Will Be Modified.

Washington, Dec. 3.—While the new congress goes on record as adopting the rules of the fifty-first congress, it can be stated with positiveness that these rules will be softened somewhat to suit the changed conditions.

Message to Be Delivered To-day.

Washington, Dec. 3.—As the organization of the house took several hours, the President's message to congress will not be sent in until this afternoon.

Single Taxers Stand Aloof.

New York, Dec. 3.—Responses received from leading advocates of the single-tax theory throughout the country to the invitation to participate in the conference of so-called reform forces in Chicago in March, 1896, are generally unfavorable to the proposition. It has been decided to reply formally to the invitation in part as follows: "We do not all agree on the money question, but we all regard that issue as a secondary matter, and we advise all single-taxers to devote their energies toward forcing to the front the land question, leaving those to advocate other reforms who do not believe that free land is the fundamental reform."

Counterfeit Two-Dollar Bill.

Washington, Dec. 3.—A new counterfeit \$2 silver certificate has been discovered. It is of the series of 1891, check letter C, plate number 41, J. Fount Tillman, register; D. N. Morgan, treasurer; portrait of William Windom; small scalloped seal. The note is much smaller in every way than the genuine.

Red Hats Conferred.

Rome, Dec. 3.—The pope presided at the public consistory held yesterday and conferred the red hats upon the nine cardinals created at the secret consistory on Friday last.

MANY ARE INJURED
AT A BIG BLAZEONE MAN MISSING AND EIGHT
HURT.

Disastrous Results of a Blaze in a St. Louis Printing House—Three Workmen Suffocated by the Fumes of Charcoal—Glass Works Burned With a Heavy Loss.

St. Louis, Mo., Dec. 3.—One man is missing and is thought to be burned to death, while eight received injuries in a fire in the Hogan Printing Company's building early yesterday morning. The missing:

NEUMAN, —; watchman.
The injured:
Benson, George; engineer; badly burned.

Brown, Daniel; fireman truck No. 4; burned about head and inhaled smoke.
Cahill, John; fireman truck No. 4; badly burned and inhaled smoke.

Olson, Ole; fireman; badly burned about the face and hands.
Rahill, Joseph; fireman; badly burned about face and hands.

Roehl, James; fireman; badly injured.
Smith, Paul; fireman truck No. 4; inhaled smoke and badly burned.

Traub, Charles; fireman; bad scalp wound from falling shutter.

The two upper stories of the extensive establishment, 310 and 312 Elm street, were ruined by the fire, involving a loss of about \$40,000. The three lower floors of the building were not burned, but were deluged by water. The fire is supposed to have been caused by spontaneous combustion.

SUFFOCATED BY CHARCOAL.

Three Men Will Die and Two Have Narrow Escapes.

New York, Dec. 3.—Three men will die and two more narrowly escaped with their lives as a result of an accident in the Mollenhauer sugar refinery at Williamsport. The injured:

Fuchs, Herman.
Levy, Thomas.
Ohlman, Thomas.
Unknown; taken out unconscious; will recover.

Unknown; taken out unconscious; will recover.

Mollenhauer's refinery shut down last Thursday. Last night five charcoal workers were ordered to begin work in the underground charcoal pits, which, when not in active operation, are generally closed. As the thick fumes of the charcoal, which have been accumulated for several days, struck the men they fell down insensible, one after the other.

Ohio Glass Factory Destroyed.

North Baltimore, O., Dec. 3.—The Zihlman Glass factory burned yesterday. The fire started from a gas meter explosion. The loss is \$60,000. One hundred and fifty people are thrown out of work. Andrew Bearl, a workman, asleep in the factory when the fire broke out, perished in the flames. Joseph Zihlman, manager, barely escaped with his life.

New York Wine House Burns.

New York, Dec. 3.—At 1:15 a. m. fire broke out in the five-story brick building at No. 88 West Broadway, occupied by Sumwalt & Jones, dealers in California wines. As far as can be estimated at this hour (2:15 a. m.) the loss will not exceed \$40,000. The fire is now under control.

Historic Indiana Residence Burned.

Vincennes, Ind., Dec. 3.—The historic old home of the late Governor James D. Williams in Harrison township was burned Saturday night. The loss is \$5,000.

LAW TO BE TESTED.

Indiana Legislative Act to Be Passed On by Supreme Court.

Evansville, Ind., Dec. 3.—The fee and salary law passed by the last legislature is to be tested by Louis H. Legler, auditor of Vanderburg county. Yesterday Mr. Legler brought before the county commissioners his bill for services for the September-December term, amounting to \$2,161.95. The bill was constructed upon the law of 1879. During the quarter he collected in fees \$141.10, which, according to the new law, constitutes his whole salary for the three months. The commissioners rejected the bill upon the grounds that he is entitled only to his fees. Should they amount to less than the salary provided by law, \$6,500, Mr. Legler will enter suit against the commissioners for his itemized salary and the case will go to the supreme court. The action is the result of a concerted movement among the auditors and treasurers over the state, and Legler will stand for the test case.

Campos Confident of Success.

Havana, Dec. 3.—General Martinez Campos telegraphs from Santa Clara that he has more confidence than ever at this time that he will be able to re-establish peace. "The more so," he continues, "if I am able to prevent Maximino Gomez from entering the province of Matanzas." General Campos doubts that Gomez will attempt to enter Matanzas, as he has made no perceptible move from where he is, and, therefore, General Campos feels assured that with the reinforcements which he is expecting he is sure to crush the rebellion in Santa Clara and thus insure the safety of the sugar crop. Peace, he believes, will soon follow.

RUSSIA LISTENS TO THE SULTAN'S APPEAL.

Czar Will Not Demand the Passage of an Extra Guardship—Turkey's Rule, Threatened With Dethronement—Worth of Relief Stopped—Caravans Dare Not Move.

London, Dec. 3.—The Times prints a dispatch from Berlin which reports that the Frankfurter Zeitung's Constantinople correspondent says that, in response to the Sultan's personal appeal, the Czar has waived Russia's claims for the passage of a second guard ship through the Dardanelles.

The Standard's Vienna correspondent telegraphs that he learns from a trustworthy source in Constantinople that the Sultan is in hourly fear of deposition. His courtiers warn him that the powers have decided upon this action, and that they want the second guard ship admitted to the Dardanelles in order to provide the necessary force to carry it out.

The Berlin correspondent of the Daily News says that the German ironclad Hagen has been ordered to Turkish waters.

The Chronicle says the British Consul at Moush reports to the foreign office that the relief work at Sassoun is at a standstill, and that the country is in so disturbed a condition that caravans are not able to leave Moush for Sassoun.

NATIONAL MANUFACTURERS.

Convention at Chicago Next Month Will Be a Big One.

Cincinnati, O., Dec. 3.—Secretary E. P. Wilson of the National Manufacturers' Association has just returned from Philadelphia, where he has been in consultation with President Dolan regarding the national convention to be held in Chicago next month. He said last night: "This gathering promises to be one of the most important ever held in the United States. Every line of manufacturing will be represented and more capital than at any assembly ever held in this country. Large manufacturers from every state have joined the association and more are being added every week, and half a billion will be represented. The subjects discussed in Cincinnati last winter will be considered, and now that the association has entered the second or working stage of its existence you can look for some results from its efforts on such questions as the Nicaragua canal, reciprocity and a tariff to protect home industries."

Betrayed by a Jealous Woman.

Cincinnati, Ohio, Dec. 3.—Charles Willer, bookkeeper of the Cincinnati Abattoir company, committed suicide last night to prevent his arrest for embezzling several thousand dollars from his employers. He absconded with \$2,000 several weeks ago and took a woman with him to Chicago, leaving his wife and five children. Becoming reconciled with his family, he had quietly come home to take them with him to Chicago. The woman with whom he had eloped, in a fit of jealousy, gave the tip to the officers. When the officers surrounded his home at Camp Washington he escaped to the garret and shot himself through the heart as they pursued him.

Attempt on the Life of the Czar.

London, Dec. 3.—The Central News correspondent in Vienna says a report is in circulation there a projectile was thrown at the Czar in St. Petersburg yesterday. The missile, it is said, grazed his Majesty's cloak and fell harmlessly to the ground. No one was injured. The report says fourteen arrests have been made in connection with the affair. Confirmation of the rumor is lacking.

Voluntarily Raised Wages.

Fort Dodge, Iowa, Dec. 3.—The Pleasant Valley and Collins Coal companies at Coalville, six miles south of this city, raised the wages of their employees from 50 cents to 60 cents a ton. The raise was unexpected and unasked by the miners, but the coal business has improved so much of late that the proprietors of the mine think it but justice to their men.

New Socialist Organization.

New York, Dec. 3.—The meeting of district assembly 49 of K. of L., which lasted from 8 o'clock Sunday evening until 2 o'clock yesterday morning, resulted in the passage of resolutions advocating the formation of a new international organization to be composed of the socialist element of the Knights of Labor throughout the country.

Visible Supply of Grain.

New York, Dec. 3.—The visible supply of grain Saturday, Nov. 30, as compiled by the New York Produce Exchange, is as follows: Wheat 63,903,000 bushels, increase 1,682; corn 5,517,000, increase 857,000; oats 6,397,000 bushels, increase 342,000; rye 1,423,000 bushels, increase 41,000; barley 5,310,000 bushels, increase 353,000.

Field of Bull Run Sold at Auction.

Manassas, Va., Dec. 3.—The meadows upon which the famous battle of Bull Run was fought went under the hammer yesterday by order of the probate court.

TO STOP EMIGRATION.

German Emperor Wants to Keep Material for His Army.

Berlin, Dec. 3.—The efforts of the German government to devise means by which to check the growing emigration of the younger generation to America have assumed tangible form. A bill will be presented in the reichstag this week which contains an apparent solution of the problem. The cardinal clause of the bill aims to divert the drift of emigration to the colonies.

Germans who contemplate leaving the fatherland will be offered land and homesteads free by the government; also agricultural machinery, tools and seeds. In this way it is believed America will be less enchanting to the discontented Germans, the emigrants will remain subjects of Germany and will help to develop the colonies and in the end increase the revenues of the home country.

The bill imposes another hardship upon all who intend to sail for America. These must notify the police of their respective towns and villages several weeks before their departure. Their names will be published in the daily papers, and if the least objection to their going can be raised in the way of debt, the authorities will be notified and they will forcibly detain them.

THE APPROPRIATIONS.

Expenses of the Government Will Foot Up \$418,091,073.

Washington, Dec. 3.—The secretary of the treasury yesterday transmitted to congress the estimates of appropriations required for the fiscal year ending June 30, 1897, as furnished by the several executive departments, which aggregate \$418,091,073. The appropriations for the present fiscal year amounted to \$412,753,264. The estimates for the fiscal year, 1897, are recapitulated by titles as follows, cents omitted: Legislative establishment, \$3880,581; executive establishment, \$20,103,242; judicial establishment, \$923,920; foreign intercourse, 1,649,058; military establishment, \$24,526,968; naval establishment, \$27,583,675; Indian affairs, \$3,750,458; pensions, \$141,384,570; public works, \$28,574,028; postal service, \$5,024,775; miscellaneous, \$36,635,631; permanent annual appropriations, \$119,054,160. Grand total, \$418,091,073.

MISSIONARIES STARVING.

Americans in Turkey Suffering from Hunger and Cold.

New York, Dec. 3.—Rev. H. O. Dwight, a missionary of the American board at Constantinople, yesterday cabled from Philippopolis, Turkey, to the Christian Herald, New York: "Remit funds telegraphically. Karpoot missionaries telegraph that starvation is imminent."

The Christian Herald says that this message from Dr. Dwight has a peculiar significance, as it discloses the fact that the missionaries at Karpoot (whose mission buildings were totally destroyed during the recent massacre there) are themselves suffering the pangs of hunger and cold, probably as severely as are the Armenians. The Christian Herald will forward to the missionaries by cable, free of expense, all sums contributed for the relief of the sufferers in Armenia.

Hudson River Tunnel Project.

New York, Dec. 3.—It is said on good authority that the Hudson River Tunnel Company has been reorganized and that the work of tunneling under the North River from Fourteenth street in Jersey City to Morton street will be resumed in a few months. It is calculated that only \$1,000,000 is required to complete the tunnel, and \$1,500,000 additional to erect the approaches on each side of the river. The plan of reorganization, it is said, is to have the bondholders, most of whom are in England, surrender 50 per cent of their holdings, pay an assessment of 30 per cent, and receive new prior lien bonds at par in the new company.

Walcott and Lavigne Fight.

Maspet, L. I., Dec. 3.—At the Empire Athletic Club's arena last night a large crowd witnessed the bout between Joe Walcott, the Boston colored boy, and "Kid" Lavigne, the Saginaw lad, at 133 pounds, the latter to stay fifteen rounds. Betting was 100 to 60 on Walcott. Lavigne not only stayed the fifteen rounds, but was fresher at the end than Walcott, and it was the opinion of the spectators that he would have won if the fight had been to a finish.

Six Negroes Drowned.

Forger Ward is Finally Run to the Earth—Bribery Trial Begun at Springfield Ill.—Durrant's Attorneys Ask a New Trial—Express Company Robbed of \$2,000.

St. Paul, Minn., Dec. 3.—The clerk of the supreme court of Minnesota yesterday entered judgment in the case against Harry Hayward for the murder of Catherine Gling, Dec. 3, 1894. The notice sets forth that the case was heard by the supreme court on Nov. 4, and decided on Nov. 20, the judgment of the lower court being affirmed. The case will be certified up to Governor Clough some time to-day. The governor still declines to be interviewed on the question of date, but the opinion of state capitol prophets is that the hanging will occur on Friday, Dec. 13. Governor Clough has received a petition signed by a dozen Minneapolis physicians asking that the extreme penalty be not imposed upon Hayward because of hereditary insanity.

Washington, Dec. 3.—The state department has been informed that A. K. Ward, the Memphis forger and embezzler, was arrested Sunday on board a steamer at Livingston, Guatemala. He was taken in custody by the Memphis police officer who has been in pursuit, and started immediately on the steamer for New Orleans, en route to Memphis. Ward's peculations were of a particularly vicious nature, because of the \$300,000 he stole a good quantity of it came from widows and poor people who intrusted to him the handling of their means. He moved in high circles at Memphis and when he absconded the old southern city experienced one of the greatest sensations in its career.

Bribery Trial Commences.

Springfield, Ill., Dec. 3.—The trial of Representative Millrot H. Gibson of Chicago, charged with accepting a bribe of \$300 from Thomas J. Bunn of Bloomington, secretary of the Interstate Building and Loan Association, was commenced yesterday in the Sangamon circuit court. A jury was secured and testimony commenced. Court adjourned until to-day to enable the court to examine the Lowenthal resolution, and ascertain if the status of the resolution in the thirty-ninth general assembly was such that any bribery could have been committed, the resolution simply being introduced before the committee.

The Durrant Case.

San Francisco, Cal., Dec. 3.—The attorneys for Theodore Durrant yesterday presented affidavits upon which to base a motion for a new trial. Durrant's affidavits repeated the allegations of popular feeling against him, which he thought prevented him from receiving a fair trial. The district attorney in reply presented affidavits averring the fairness of the trial. Affidavits were also presented from each of the jurors in the case, stating that their verdict had been rendered strictly in accordance with the law and the evidence. The motion for a new trial will be argued today.

Adams Express Company Robbed. Des Moines, Ia., Dec. 3.—It has leaked out there was a daring, yet mysterious, robbery at the Chicago, Burlington and Quincy depot at Albia, Ia., last week, and the Adams Express company is loser to the amount of \$2,000 cash. Italian Official Stabbed.

Rome, Dec. 3.—Signor Pera, a chief of department in the ministry of the interior, was stabbed in the back twice yesterday on the staircase of the ministry of the interior by a clerk who had recently been dismissed. SPRING BROOK MAY GET A NEW SCHOOL

THE BOARD OF EDUCATION WILL INVESTIGATE.

Alderman Isman's Motion Goes Through the Council—Sidewalks Must Be Cleaned This Winter—Water Company's Bill is Paid—Other Business Done by the City Fathers.

Acting under the instructions of the common council and on Alderman Isman's motion, the board of education will look into the matter of whether or not a new school building is needed in Spring Brook; at Alderman Winslow's suggestion it was decided to compel the cleaning of sidewalks of snow this winter, and enforce the law to the letter; the water company was ordered paid for the use of water and hydrant rental; several licenses and permits were transferred, and a large amount of miscellaneous business was transacted.

All the aldermen were present at the meeting last evening, except Aldermen Heddles and Stearns. The reading of the minutes was dispensed with, after which the report of the municipal court was received, referred, and afterward reported back as correct, and ordered filed.

L. C. Wood presented an affidavit setting forth the fact that no one had cut weeds on his premises, other than himself, and that he would resist the payment of the \$2 fee charged to him. The communication was referred to the highway and bridge committee, and further time granted.

Water Company's Report.
The Janesville Water Company presented the following report concerning the extensions, additions and improvements made to its plant during the year 1895. The report showed the following extensions:

On Dodge street from South Jackson to South High street and two fire hydrants placed, June 15th, 1895; on South High street from Dodge street to Lincoln street and two fire hydrants placed, June 15, 1895; on Lincoln street from South High street to North street and four fire hydrants placed, June 15 1895; on Jackson street from Oak street to Western avenue and one fire hydrant placed, May 20, 1895; on Milton avenue from St. Mary's avenue to Beaton avenue and four fire hydrants placed, September 1st, 1895; on Rugger avenue from Forest Park boulevard to Ringold street and one fire hydrant placed, July 4th, 1895; on Madison avenue from Hyland avenue to city limits and ten fire hydrants placed, July 1st 1895. The communication was referred to the fire and water committee. The bill of the Water Co. for city water supply amounting to \$2790.51, was referred to the fire and water committee who reported it back as correct and the clerk was instructed to draw an order for the same.

Hydrant Likely to Freeze.
The water company also submitted the following communication:

We desire to call the attention of the city to the following facts: When the water plant was originally constructed a fire hydrant was placed on the northeast corner of River and Center streets. Since that time tiled drains have been constructed in River and Center streets so as to expose that hydrant to freezing. It is impossible to bank or cover the hydrant so as to protect it, because the danger comes from the open spaces below the surface of the ground in and about the tile drains. We call the attention of the city to the condition of this fire hydrant in order that it may take such action in reference thereto as the council sees fit. The water company has no authority to remove either the drain or the hydrant.

M. A. Cox's saloon license was transferred to Arthur Marsh; H. L. Palmer's druggist's permit was transferred to P. S. Bonesteel and W. M. Pfennig's druggist permit was transferred to W. E. Austin.

Pay For the Grade.
An addition to the assessment roll for the grade of Fourth avenue was presented; the clerk was directed to make a new tax roll; the mayor and clerk were instructed to sign it and then place it in the hands of the treasurer for collections.

On Alderman Hemming's motion the report of the finance committee, recommending the payment of a number of bills was adopted; also that O. G. Roberts be paid ten dollars in settlement of his claims against the city. Con. Murphy was also allowed \$19.50 to reimburse him for actual expenditures while he was laid up as the result of injuries received while on duty as a fireman.

Those Browning, King & Co's Storm Coats

There's no guess work about the fit. Five different patterns for each size of chest measure, we can fit any size or form. Is there any excuse for paying a tailor twice our prices? T. J. Ziegler.

Meeting of the Seventh Day Baptist Ministers—Other City News.

Milton Junction, Dec. 3.—The meeting of the Seven Day Baptist churches at this place during Friday, Saturday and Sunday was well attended, people being present from Utica, Albion, Berlin, Walworth, Janesville, Milton and Rock River. At the consecration meeting Sunday afternoon of the Y. P. S. C. E. one hundred and two took part in thirty minutes. The meetings were well attended by a full house. W. H. H. Coon and wife of Utica stopped here on their way home from Nortonville, Kan. Mrs. Mitchell has been very sick with pneumonia and heart trouble. Mrs. I. W. Babcock is spending a few weeks visiting relatives at Elgin. The revival meetings at the M. E. church which were to have closed Sunday night are to be continued two evenings longer. Chamberlain is selling washing machines this winter. Professor Borden has not been able to be in school for more than a week. The News of Porter.
Porter, Dec. 3.—The remains of Mr. Custer, formerly a resident of Porter, but more recently of Janesville, were interred in the Wheeler cemetery here on Friday. Deceased had been in poor health for some time, and was quite an old man. A week ago last Friday all that was mortal of Miss Anna Pound was laid to rest in the Wheeler cemetery. She died at the home of her brother, Daniel Pound of this town, of inflammation of the stomach, and was about fifty-five years of age. Two brothers remain to mourn her loss. Ed. Attebery, of Fulton, while cro-

ing a defective culvert in Porter, last Thursday, was thrown violently from his cutter and sustained serious injuries from which it was thought at first, he would not recover; but he is getting along nicely under the excellent care of Dr. McChesney, of Edgerton. Claude Hendrick spent Thanksgiving with his parents here, returning to the university on Saturday. Miss May Tracy of Burr Oak, was a pleasant visitor in this vicinity a few days recently. Willis Dooley spent Thanksgiving at home, returning to school in Janesville on Sunday. Miss Lizzie Murphy and Will Lawrence were married in Edgerton by Rev. Father Harlin last Wednesday. Congratulations are in order.

The News of Magnolia.

Magnolia, Dec. 3.—Dwight Reed and family will start for California in about two weeks. They will be greatly missed by their many friends here. Baker & Becker are very busy drilling new wells and sinking old ones deeper. Quite a moving around of families this winter, but they are all here. None have moved away. Alie Chase has returned from a two week's visit to Fenimore. Her cousin, Miss Pearl Weaver, accompanied her home. Miss Elsie Bryan is teaching in the Huyke district; Ernest Worthing at Cainville and Alice Olifford still holds the fort at Magnolia Corners. Our town is free from sickness now and not one person is under the doctor's care. Our enterprising merchant, Mattice, is doing a big business. It is surprising how much trade such a small store carries. Our creamery is still running. We are to have a musicale on the 4th of December at Mattice's hall. Quite a number of tobacco growers went to Janesville to attend the meeting last Wednesday.

Indian Ford Gossip.

Indian Ford, Dec. 3.—George Lackner shook hands with Janesville friends one day last week. E. I. Hallet and family ate Thanksgiving turkey with Charles Hallet and family. E. Call and wife ate Thanksgiving dinner with F. N. Walrath and family. Miss May Call visited at V. N. Walrath's a few days last week. John Lackner and family Sunday with F. Call was shaking hands with some of his Ford friends last week. E. H. Brown, formerly of the town of Center, now occupies the house owned by Ed. Hopkins of Edgerton. M. S. Mills and wife were welcome callers at E. H. Brown's last Friday. Services in the G. T. hall every Sunday afternoon. Preaching at 2:30. Come all and hear a good talk.

North Johnstown Gossip.

North Johnstown, Dec. 3.—The most of us ate turkey at home but some few favored ones were invited out to dine. The Woman's Missions society gave an entertainment at the church Thursday night. It was well received and had a fair attendance. The oyster supper at the close was the paying part to them. Mrs. C. W. Bullock goes to Colorado about December 13 for her health. She will remain away until warm weather comes. The W. C. T. U. was very thinly attended at Mrs. H. E. Osborn's last Saturday afternoon. Mrs. C. W. Bullock's father, Mr. Pynn, is visiting her and will stay some time. The Free Baptist Sunday school of North Johnstown, will have a Christmas tree and an entertainment Christmas eve. A good turn out to hear the temperance sermon on Sunday, Dec. 24.

THREE DAYS' FARM CONVENTION

Milton Junction Is Planning To Outdo Itself This Winter.

When the farmers of the country meet in Milton Junction this winter to reorganize things, they will take three days and make a clean job of it. Until this year the convention has lasted but two days. Each session saw debates chopped off that might have been prolonged with great profit, and this year "Cousin Willie" Paul suggested that three days were none too many. The idea caught, and the Junction is planning the best meeting this year that it ever entertained.

January 23, 24 and 25 are the dates.

Clergymen's Half Fare Permits.

For the information of clergymen and other religious officers entitled to travel on half fare permits, a synopsis of ruling for 1896 is herewith given: The application classifies (a) (b) (c) (d), showing those persons entitled to annual and those to only trip permits. The applicant fills in opposite his class; obtains the indorsement of local agent and then forwards application with fifty cents in check, draft, postal or delivers order to B. D. Caldwell, chairman Western Passenger Association, Chicago, Ill.

The annual permit covers 37 miles of railway in western states and is a valuable bit of cardboard. The trip permit covers only between certain points and is limited to 30 days. The signature of one agent at a point where there are several railways will suffice for all. Blanks can be obtained at the depot now and may be fully endorsed and sent in at once for permits for 1896.

Rot Among Early Tomatoes.

In sections of the country where early tomatoes are grown as valuable crops the chief trouble is the rot, and very frequently serious loss is occasioned.

From my own experience I have found that tomato plants set out in new soil where a tomato crop was never before raised are rarely, if ever, attacked by this disease. Sometimes if the tomato plants are obtained from growers where the rot is prevalent the crop on the new land is injured. The early tomatoes begin to rot on one side just before ripening, and this spoils their sale.

One season will be sufficient to infect the soil, and the second crop will be entirely spoiled. The only safe way is not to plant the crop twice in succession on the same field. It is even better to let two seasons pass before planting again on the old patch. On light soils the rot is more prevalent and stays longer than upon heavy clay lands. The latter seems to be less affected by the rot anyway.

It is very discouraging to amateurs or beginners to have the early crop of tomatoes ruined, for this is the most profitable. A great many have become discouraged in the undertaking. Remedies for the rot have been recommended to them, and I have seen neighbors use various mixtures without avail. A very similar experience has been encountered with the potato rot. The only simple and absolutely sure system is to select a new field far from the old one for the next crop of potatoes, and then after two or three seasons the old field may be planted again. The germs of the rot seem to live in the soil throughout the severest winter, but after a year or two they die out, probably through the lack of sufficient nourishment. If we can starve the germs in this way it should be done systematically on every farm. It does not follow that the land must remain idle. The germs of the rot that will attack the tomatoes and potatoes will have no effect at all upon the corn and wheat plants. Nearly all of our other vegetables can be planted on the tomato field where the rot has despoiled a crop.

The question of how long it takes to efface the signs of infection has not yet been decided. I have seen it attack an early crop after two years of rest, and it may be that three years will not entirely suffice. In purchasing plants one cannot be too particular about inquiring into the nature of the ground they were raised in. A great many times the crop is ruined because the plants were raised in the same soil that tomatoes had been cultivated in for half a dozen seasons. If the rot is a nuisance, try raising your own plants. Select new ground, and start them there, and fill the forcing box with soil obtained far from the old tomato patch. Little trouble will then be experienced from the tomato rot.—James Cunningham, in American Cultivator.

Keep Your Walks Clean.

The attention of property owners is called to the provisions of the city ordinances requiring them to clear the snow from the sidewalks.

A failure to comply with this ordinance will subject the owner to a fine of not less than \$1 nor more than \$10. It is the intention of the city government to see that this ordinance is enforced.

A PREVALENT DISEASE.

NOT NECESSARILY DANGEROUS, BUT MAY BECOME SO.

American men and women suffer from a very general disease—dyspepsia.

Dyspepsia has many symptoms. Thin, pale people are generally dyspeptic. Hollow cheeks, bad breath, acid eructations, palpitation of the heart, hot and cold flushes, headaches, nausea and vomiting, all these are symptoms of dyspepsia.

What does dyspepsia mean? In two words, imperfect digestion. How can we remedy it? Not a one by resort to drugs. We must rest the stomach.

For this purpose we must put into it a food which is already digested and which will aid the digestion of other foods. We must take Shaker Digestive Cordial, for this is just such a preparation. It contains food which will be absorbed at once. It also contains principles which will assist the digestion of other foods, while last but not least, it contains a combination of those drugs in the cultivation of which the Shakers have been so successful, and which act by stimulating the stomach and bowels.

Imperfect digestion is often caused by overwork of the digestive apparatus, too much food, food eaten too quickly, nervous worry, etc.

The Shaker Digestive Cordial is the most successful remedy for indigestion that has ever been made. A single ten cent bottle will afford relief in most cases, although this small quantity cannot be expected to effect a perfect cure.

If you find it suitable in your own case continue its use. All druggists keep it and can supply you with an interesting descriptive pamphlet.

Like All Other Headaches, yields most promptly and pleasantly to

LET ROCK STAND ALONE.

No apportionment that divides Rock County between two senatorial districts will be accepted as fair. The dismembering of counties was one of the gravest faults of the democratic apportionment. Counties thus divided practically were robbed of representation in the upper house.

It was so of Rock, it was so of others.

In Rock county's case the wrong done was especially great. Rock's history, her make-up, her character justified her in demanding a full unit of representation in the senate and three representatives in the assembly. This was her portion, and justly, until democratic jugglers stepped in and by artful divisions sought to destroy her prestige. It rests with the legislature now to say whether her rank for years as one of the republican strongholds of the state should subject her to such dismemberment.

A RELIABLE PILE CURE.

The Pyramid Pile Cure is the safest and surest pile cure on the market, because it contains no mineral poisons nor opium nor cocaine, but can be used with absolute safety and certainty of cure.

Many physicians are now using the Pyramid Pile Cure in place of surgical operations, being painless, convenient to use, and the patient can attend to his daily occupation while the cure is being made, as it is used at night and no additional treatment is necessary.

Dr. Wharton says the Pyramid Pile Cure will prove a blessing to mankind, when it is remembered that heretofore a surgical operation was considered the only cure with all its danger to life, intense pain and an expense of from ten to one hundred dollars, to say nothing of the possible return of the trouble. The Pyramid Pile Cure is sold by druggists at 50 Cents and \$1.00 and does the work quickly and safely.

A book on cause and cure of piles will be mailed free by addressing Pyramid Co., Albion, Mich.

CAPT. GLASS LEAVES THE STATE SERVICE

COMMANDER OF COMPANY A.
HAS RESIGNED.

Action Was Taken at the Business Meeting Held Last Night, and Was a Surprise to the Members—Press of Private Business Made the Step Necessary.

Captain Charles F. Glass terminated his seventeen years of service in the Wisconsin National Guard when he resigned his commission as commander of the Janesville Light Infantry last evening. His retirement was forced by the press of his private business, and his successor has not been named.

Captain Glass' action was a surprise to the men of his company, although they knew he was filling the office at a considerable personal sacrifice. His work as agent of the Hen-

CAPT. C. F. GLASS.

derson-Ames company, the Michigan uniform manufacturers, made it necessary for him to be absent from the city a good deal of the time, yet he did not neglect his command. His resignation was tendered at the regular monthly business meeting of the company held last evening.

Long Military Service.

Captain Glass has been connected with the National Guard in one capacity or another, with the exception of short times between terms, for nearly seventeen years. He was one of the charter members of the old Janesville Guards, which company was formed in August, 1878. The past six years of his service has been as captain of Company A, and under his administration the com-

pany has prospered and flourished in every way. Col. Allan F. Caldwell, formerly colonel of the first regiment but now assistant quartermaster general is now in charge of the affairs of the company and the property etc is being inventoried etc, prior to the transferring to the command to the new captain although Capt. Glass' successor is not yet chosen.

First Lieutenant Leo Rooney is next in line, he having held a commission as first lieutenant of the company for several years. The appointment is made by the governor on the recommendation of the company.

A NEEDY LAD IS HELPED OUT. City Missionary Kimball, F. H. Baack and a Traveling Man Were Generous.

City Missionary Mary Kimball found a ten year old boy who was suffering for the want of clothes, wandering about town. She took him into Baack's clothing store and the kind hearted proprietor gave him an entire new outfit while a traveling man who happened to be in the store at the time handed him a dollar. The boy resided on "Snipe Hill" and there is little doubt but what there was general rejoicing in the family that night.

TRACY MONTGOMERY DIES OF PARALYSIS

WELL KNOWN PIONEER SETTLER IS CALLED HOME.

His Wife Died From the Same Cause Just Three Months Ago—Funeral of John C. Metcalf Held From Trinity Church This Afternoon and Largely Attended.

Tracy Montgomery, an old resident of Rock county, and well and favorably known, died at his home in the town of Porter, Monday, as the result of a stroke of paralysis received Saturday, aged 77 years. Mr. Montgomery was the oldest Mason in the Evansville lodge and will be buried by that lodge tomorrow.

Just three months ago his wife died of the same affliction.

Mr. Montgomery was born March 13, 1818, in Genesee county, N. Y., and was the eldest of eleven children. His parents came to Wisconsin in 1844, Mr. Montgomery accompanying them.

He at once bought eighty acres of land from the government in Johnston, and built a log cabin. In 1846 he returned to New York and was married to Miss Persia Paulina Chadwick. The young couple came to Rock county and resided on his farm until 1847 when they removed to Green county. In 1852 he left that county for California and after a five months journey reached Downsville, Sierra county where Mr. Montgomery set to work wheeling dirt from the tunnel mines earning \$5 a day. Later he went to Nevada county and finally found \$1600 worth of gold in a "pocket." He then decided to return home. In 1865 he sold his Green County farm and returned to Rock county, buying 160 acres in the town of Porter in which he resided to the time of his death. Three children were born to Mr. and Mrs. Montgomery, they being Frank A., Mrs. J. W. Hendricks and Luther B. Montgomery. In politics Mr. Montgomery was a republican.

Funeral of John C. Metcalf.

Escorted by his brother masons and the members of the gallant host with whom he fought for the preservation of the nation, all that was mortal of John C. Metcalf was borne to the final resting place at Oak Hill cemetery this afternoon. The funeral was held at Trinity church, at 2 o'clock, Rev. W. H. Wotton, the rector, conducting the services with the assistance of Rev. Mr. Royce, of Beloit. Touching song service was rendered by the boys' choir and the ceremonies were unusually impressive. The honorary pall bearers were Hon. Kenner Kimball, H. G. Carter, John G. Rexford and Piny Norcross, while the active pall bearers were John Thoroughgood, Hiram Bump, E. G. Harlow, Hiram Merrill and John C. Fox. Members of the Masonic lodges and the Grand Army attended in a body.

Funeral of Henry Winans.

The funeral of Henry Winans, whose death at Milton Junction was briefly announced in The Gazette yesterday, will be held from the home of Mr. and Mrs. E. T. Foote, on Madison street, at 2 o'clock tomorrow afternoon. The interment will be made at Oak Hill, and the burial will be private.

Mr. Winans was born at Vernon, N. J., in 1837. In 1855 he went to Russia with his father, who in an association with his uncle, engaged in building the government railroad from St. Petersburg to Moscow. Mr. Winans lived in St. Petersburg for three years and on his return to this country in 1858 he came to this city where he has resided ever since.

A Different Interpretation.

A guileless city man wandered through the country with his rod over his shoulder, seeking out a promising place to toss a fly. He soon came to a pond, near the edge of which was a sign that said: "No fishing. The city man scratched his head as he gazed at these words, but finally sat down on the shore, and was surprised at the number of bites he got. Pretty soon the game warden came along and cried out:

"Hey, there! Don't you see that sign?"

"Of course I do," answered the city man.

"Well," continued the warden, "don't you see it says: 'No fishing?'"

"Yes; but it's away off. There's a bully fishing here. Just look at all I have caught!"—Harper's Round Table.

It Stood the Test.

A public writer had a partition wall sized up in his study and ordered the carpenter to make it in such a way that no sound could penetrate through it.

"The best thing will be to fill it in with shavings," said the man, and set to work.

When he had finished his employer went and stood on one side of the partition and called out to the man who was on the other side:

"Do you hear me, Jantke?"

"No, sir," was the prompt reply.—Tit-Bits.

A Precedent.

A mother recently said to her five-year-old daughter: "What shall we name the baby, sister?"

"Call her Early, mamma; that's a pretty name."

"Early! That is not a girl's name."

"Oh, yes, it is. Don't you remember you read to me about the girl who was to be the May queen, and who wanted her mother to call her Early?"—Answers.

He Loved.

"You never loved me, John," sobbed Mrs. Billus, hysterically.

"Maria," exclaimed Mr. Billus, earnestly, "you are mistaken. If you will look back over the family expense account you will find that it cost us \$27.50 for repairing rocking chairs during the first three years of our married life."—Tammam Times.

Not Particular.

Mistress (to cock)—Your name, Mary, and my daughter's being the same makes matters somewhat confusing. Now how do you like, say, the name of Bridget?

Cook—Sure, mum, it's not me that's particular. I'm willing to call the young lady anything you like.—Tit-Bits.

Entirely Too Easy.

"I congratulate you, Mr. Lakeside; the judge has granted you a divorce."

"Dear me, did we get it in one court?"

"Certainly."

"Well, take an appeal, can't you? This is too absurdly sudden."—Chicago Record.

She Wore Bloomers.

Sacque—There goes Miss Smith on her wheel.

Outaway—I don't know her from Adam.

Sacques—You mean from Eve.

Outaway—I mean from Adam.—Brooklyn Life.

Or Three or Four.

Looking for number one.

Has, since the world begun.

But the widow in her weeds

The precept strangely heads

For she's always looking out for number two.

A YOUNG NEW WOMAN'S IDEA

Maudie—Mamma, if 'ou die, would you "climb the golden stairs?"

Mamma—I suppose I would, my dear.

Maudie—I wouldn't, mamma. I'd take the elevator.—Truth.

Johnny's Inference.

Johnny—I suppose papa didn't bother his papa much asking questions.

Mamma—Why do you think so, Johnny?

Johnny—Well, his papa couldn't have told him very much, anyhow.—Collier's Weekly.

Evidently Fixing Them.

Cashier—Isn't the head bookkeeper acting suspiciously?

President—Why, no, I think he's working harder than usual.

Cashier—Sh! That's just it!—Chicago Record.

Expert Testimony.

Brown—They say twins are always alike in disposition—do the same things at the same time. How is it, Jones?

Jones (who has a pair)—I wish they'd sleep at the same time.—Truth.

Didn't Appreciate His Luck.

Skinneeman—What a lucky fellow you are! You've got the wishbone.

Star Boarder—Yes, that's all I have got. I'll exchange with you for a piece of the meat.—Truth.

Economical.

Mrs. Sweet—Do you find it economical to do your own cooking?

Mrs. Burnum—Oh, yes; my husband doesn't eat half as much as when we have a cook.—Yonkers Statesman.

and nearly as swift the trains of the Lake Shore & Michigan Southern Ry. make their trips between Chicago and New York, weaving closer and closer day by day the many mutual interests of these great commercial centers of the United States. Departing from the Van Buren street station, located in the heart of the business district of Chicago and arriving in New York at the Grand Central station, 42nd street the popularity of this line in point of time and convenience is readily understood. It seems almost superfluous to add that for this service the equipment embodies all that is new and modern in the art of car building, apparently nothing that would give one a feeling of safety, comfort and luxury, has been overlooked. The schedule provides morning, afternoon and evening trains. Latest time table with any information desired will be promptly furnished on application. J. R. Hurley, T. P. THE ANNEX is the popular buying place for hundreds of articles; and it is bound to be crowded to its utmost capacity the latter part of this month. Right now we have beautiful things in

Fancy china pieces, Pretty sets of dishes, Silver plated ware, Fancy articles, Popular books,

Delicate dishes, Solid silver novelties, Ornaments, Illustrated books, Toys,

and hundreds of things that are most wanted at this season of the year. Don't miss THE ANNEX. The low prices are made still humbler this month.

LOWELL'S ANNEX.

SHE WAS SENTIMENTAL.

And Would Need a Gift with Lots of Love Messages Fixed Upon It.

"You keep rings here, don't you?" he asked in a Woodward avenue jewelry store.

"Certainly," replied the clerk. "Something for yourself?"

"No; I'm thinkin' of gittin' sunthin' for my girl. Got anything for about two dollars?"

"Yes, I can give you a plain ring at that price. Here is something very neat."

"I guess that would fit her all right. Kin I have sunthin' engraved on it?"

"Of course—what is it?"

"Well, I want you to put on it: 'From Thomas J. to Helen H., who is not only the best-lookin' but the smartest girl in the State of Michigan. My love will never, never grow cold, and should death overtake me, my last thought would be of you. Be good and you'll be happy, and please accept this as a token of love.' That's what I want you to put on."

"Good gracious, but you can't get all that on a ring!" exclaimed the clerk.

"Must have it, or I don't want a ring!" was the firm reply.

"But the usual way is simply to engrave: 'T. to H.' with the date after it."

"The usual way may be all right with some girls, but it won't work with mine. What she wants is sentiment—heaps of sentiment. So you can't get it on?"

"Couldn't possibly do it. You'd want a surface as large as your hand to get that on."

"Say!" exclaimed the young man, after a moment of reflection—"I have it! I'll buy her a silver belt-buckle instead of a ring, and I'll have 'em put on all I said and add to it: 'You are never absent from my thoughts, and a vision of your dear face rises up before me a thousand times a day. Be true—be true! Virtue is its own reward, and your mother kin live with us after we're married.' No more at present—good-bye."

AMELIA E. BARR'S NEW NOVEL.

First Chapters Give Promise of Strong and Sustained Interest.

New York Commercial Advertiser: The famous novelist, Mrs. Amelia E. Barr, came down from her home at Cornwall on the Hudson this week to read to her publisher and a few other friends the first chapters of the new novel on which she is now engaged. Those who have seen the manuscript say it promises to be one of the strongest and best-sustained pieces of fiction that has ever come from the pen of its author. Blessed with all the grit and endurance of her sturdy Yorkshire ancestors, Mrs. Barr preserves at 64 the energy and enthusiasm of youth, and says, with less than the truth, that she is now capable of more and better work than at any other time in her life. Two novels of goodly length and half a hundred random papers are no unusual task for her to accomplish in a twelvemonth. If she wrote twice as much as she does there would be a market for it all, for she is the best paid of female—and perhaps male—authors in America. Mrs. Burnett formerly enjoyed this distinction, but it now belongs to Mrs. Barr. Her copyrights yield her a large and steady revenue. She often receives \$5,000 for the serial rights to a novel and shorter papers are eagerly sought for by the editors at fancy prices. Moreover, she is an excellent business woman and can on occasions drive as sharp a bargain as William Dean Howells, and that is saying a great deal.

New Brew of Alcohol.

The recent discovery of Mr. Wilson of acetylene gas from lime and coal dust treated with electricity from carbon electrodes has made it possible to produce ethyl alcohol so cheap that all other productions will be abandoned. Should this discovery prove to be what is expected alcohol will be made for 2 cents or 3 cents a gallon, or even less. Its uses in the arts will be largely increased, and as a beverage it could be cheapened to an enormous extent. The occupation of distilling will be superseded, and the manufacture of whisky and other alcoholic beverages will change, and the great problems which settle around them commercially, scientifically and socially will have new features.—Popular Science Monthly.

Gambling in Montana.

Some time ago Montana passed a law declaring gambling illegal, and the several scores of faro banks and other gambling-houses that had been running in the principal towns since white men moved into the region shut up shop. But the law was taken to the Supreme court of the state on a test case, and a week ago the court decided that the new anti-gambling law is unconstitutional, and that the old law, which licensed gambling, is still in force. The afternoon of the day on which the decision was rendered a score or more gambling-houses in Butte began business, and things were running wide open again by night-fall.

A Careful Narrator.

Ethel—Grandpa, please tell me the story again about the time you were killed and eaten by the cannibals.

Grandpa—You mean about the time I was killed by the cannibals, Ethel? They didn't eat me, for if they had how would I be here to tell you about it? You should always be careful about details, Ethel, if you want to be respected in this world.—Judge.

England's Gift to China.

England has sent 672 women missionaries to China within the past five years. Thirty-six left in a body recently for work in China and India. The proportion of women who take this rigorous and self-denying work on themselves is far greater than that of men.

Read the Death Koll

Which the bill of mortality of any large city may be fitly designated, and you will find that renal and vesical maladies, that is to say, those that affect the kidneys and bladder, have a remarkable prominence—we had almost said—preponderance. Bright's disease and diabetes in the chronic state are rarely cured, and gravel, catarrh, of the bladder and enuresis, slay many. Yet at the outset, when the trouble merely amounts to inactivity of the organs involved, the danger may be nullified by that thorough renal tonic and diuretic, Hostetter's Stomach Bitters, which imparts the requisite amount of tonic to the organs, without over-excitement, and the use of which is convenient, and involves no elaborate preparation. Dyspepsia, a usual concomitant of renal complaints, and debility, which they invariably produce, are remedied by it. So also are constipation, malarial, rheumatic and nervous ailments.

BLOOD SPOT IN ITS PULP.

The "Mike" Apple's Peculiarity Thought to Commemorate Murder.

A peculiar species of fruit now in the Norwich (Conn.) market is the "Mike" apple, says the New York Herald. It has a fair skin, an excellent flavor, and is extensively propagated thereabouts. Each individual apple exhibits somewhere in its pulp a red speck like a tinge of fresh blood, and thereby hangs a strange legend.

The apple obtains its name from Micah Rood, a farmer who lived on the outlands of the Connecticut town in the eighteenth century. The son of Thos. Rood, one of Norwich's early settlers, Micah tilled his fertile acres with all the zest of youthful ambition.

But of a sudden his habits changed. He grew idle, restless and intemperate. He lost all interest in both work and worship. His cattle were neglected and his neighbors shunned. Some attributed the change to witchcraft; others hinted at insanity.

Winter wore away, spring returned and the orchard of Micah Rood burst into blossom. On one tree, it was then observed, the flowers had turned from white to red. The superstitious neighbors wondered, especially as Rood seemed drawn to this tree by some irresistible fascination. August came and the red blossoms developed into fruit. When the large yellow apples fell from the branches each one was found to contain a well-defined globule, known thereafter as "the drop of blood."

The freak of the apple tree deepened the mystery of Micah's behavior. Conjecture followed surmise and soon it was remembered that during the previous fall a foreign peddler had passed through Norwich and had spent the night at Micah Rood's. He had never been seen again. Some one suggested that the young farmer had murdered him for his money and buried the body under the apple tree.

Search was made for the body of the stranger, but in vain; nor was any trace of his stock found among the possessions of the unhappy Micah. If a load of crime rested upon the conscience of the suspected farmer it never forced a confession from his lips. His farm drifted gradually to decay, and, too broken-down to reclaim it, he wandered about town disordered in mind and body.

He died in 1728, but while the blood-spotted apple continues to grow his name and history will be perpetuated.

One who has known in storms to sail
I have on board;
Above the roaring of the gale
I hear my Lord.

He holds me when the billows smile;
I shall not fall;
If short 'tis sharp, if long 'tis light;
He tempers all.

Some timely advice.

With but a few short weeks between us and Christmas, it behooves the always tardy buyer to bestir herself and see if she can not for one year at least, be in time with gift purchasing, so that she does not have to, on Christmas eve, sadly pay for the be-saggled remnants of what once were a goodly showing of charming novelties. Our store, even now, is overflowing with dainty, pretty things for presents, and many ladies, tremendously foresighted, have already begun their preparations for the holidays. Why don't you join in with the rest? A much better time to trade now than when we are rushed.

A few things that might do for Christmas :

A handsome silk or satin Suspender	-	\$1.00 to \$2.50
A handsome Necktie, either in a puff, four-hand or teck, nicely boxed	75c to	1.50
Handsome Christmas Handkerchief Boxes	-	50c
Handsome Neckscarfs, silk, satin and plushes	-	1.00 to 3.00
